

OSA-2386-64  
25 May 1964

MEMORANDUM FOR: Director of Logistics

SUBJECT: Extension of Tour for [REDACTED]

25X1A

1. [REDACTED] who has been functioning as the Deputy Chief, Materiel, at his place of assignment in the ZI with OSA, has personally requested that his tour of duty now scheduled to be completed on 21 December 1964 be extended for a period of one year.

25X1A

2. As you know, [REDACTED] is located at our major domestic installation which is staffed primarily by military personnel whose basic assignment period is three years. Therefore, an extension for [REDACTED] would be completely compatible with the policy we have established for military personnel and, in addition, would afford this organization the opportunity to profit from [REDACTED] training and thorough familiarity with the intricate aspects of his responsible position there.

25X1A

3. I understand from the Director of Materiel at that establishment, and from the Commanding Officer as well as the Deputy Commander for Support, [REDACTED] that [REDACTED] has been doing an excellent job and is well respected by his contemporaries and subordinates. In addition [REDACTED] himself, pointed out to me that the climate in the area of his post of assignment has had an extremely beneficial affect upon his wife who reportedly had difficulties with the Washington brand of climatology.

4. In view of these facts, and in consideration of our high regard for [REDACTED] performance, your favorable consideration for the requested tour extension will be greatly appreciated.

DAD/OSA [REDACTED] mem

JAMES A. CUNNINGHAM, JR.  
Deputy Assistant Director
